## VERTICAL FORM **FILL & SEAL** MACHINE

AUTOMATIC FORM, FILL & SEAL BAGGING MACHINE FOR INDUSTRY

# MIXVFFS - VERTICAL FORM FILL & SEAL MACHINE

Automatic form, fill & seal bagging machine for industry

Form/fill/seal machine Mod. CV5010,  
with cup doser

Form/fill/seal machine Mod CV5110,  
weighing unit with 4 scales

Form/fill/seal machine Mod. CV5010,  
with screw-fed weighing unit

**Min. bag dimensions**  
2 in. - 4 in.

**Max. production with 100 grs. bag**  
60 bags per minute

**Max. reel diameter**  
15.75 in.

**Max. bag dimensions**  
10 in. 15 in.

**Max. production with Kg. 3 bags**  
50 bags per minute

**Absorbed power**  
3KW

Stainless Steel Form/fill/seal machine  
Mod. CV4025 with cup doser

<b>Min. bag dimensions</b>	8 in. x 8 in.
<b>Max. bag dimensions</b>	18 in. x 26.25 in.
<b>Max. production with 2Kg. bag</b>	35 bags per minute
<b>Max. production with 25KG. bag</b>	25 bags per minute
<b>Max. reel diameter</b>	25 in.
<b>Absorbed power</b>	7KW

Stainless Steel Form/fill/seal machine  
Mod. CV4025 with belt doser

Stainless Steel Form/fill/seal machine  
Mod. CV4025 with weighing unit

**Form/fill/seal machine Mod. CV5080  
with belt doser DNSTAR 4 for difficult flowing products (bark, light peat, silage, ...)**
